

TG-470B

Water and Oil repellent for textiles Technical Information

1. Features

- TG-470B imparts excellent water and oil repellency at low concentrations to nearly all types of fabrics.
- TG-470B imparts excellent Bundesmann water repellency to cotton, polyester and polyester/cotton blend fabric.
- TG-470B is compatible with other textile finishing.
- TG-470B does not contain polyoxyethylene alkylphenol (APEO free) & is non-flammable.
- TG-470B keeps the original touch of fabric.

2. Typical Properties

Appearance.....	Off white or pale yellow emulsion
Ionic Characteristics.....	Weak Cationic
pH	3.0~5.0
Specific gravity at 25°C (77°F).....	Approx. 1.10
Analysis.....	30.0% Solids
	8.0% Tripropylene glycol
	62.0% Water
Solubility.....	Readily dissolves in cold water

3. Shipping & Storage

Non-Red Label (Non-flammable Material)

TG-470B should be stored at temperatures between 23°F and 104°F (-5°C and 40°C)

4. Safety / Toxicology

Before using this product, please read the current TG-470B Material Safety Data Sheet and the precautionary statement on the product package. Follow all applicable directions.
